

Introduction

E-Safety.....

E-Safety means being safe on the internet like for example if you use a social networking site or a game because not being safe on the internet can lead to bad things especially you could get kidnapped just for showing to much information.

Chat Rooms

DON'TS

You can NEVER be safe on the internet if you can't hide your information about yourself.

Chat rooms can cause you to get kidnapped and all sorts of bad things like that.

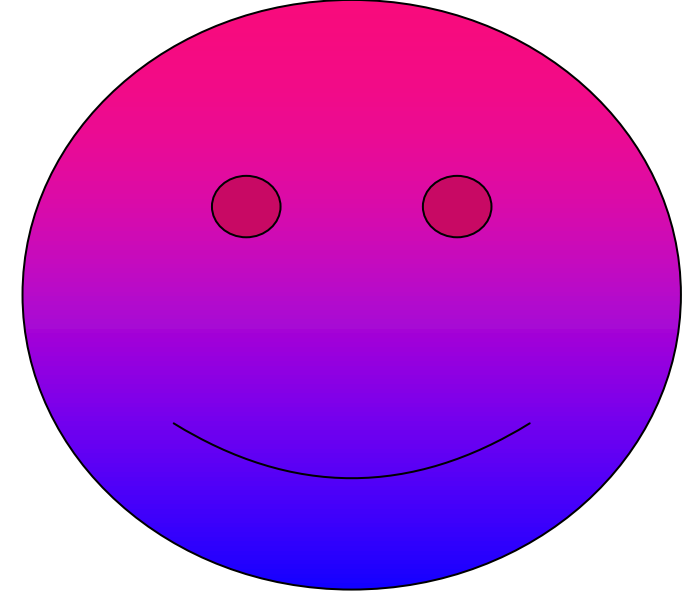

DON'T TALK TO PEOPLE YOU DON'T KNOW. DON'T MEET UP WITH PEOPLE YOU HAVE TALKED TO ON THE INTERNET AND NEVER SEEN. If this

does happen make sure your parents know if you meet up and mainly don't give too much information about yourself like I said about the causes which could happen .

DON'T talk to anyone you don't know .

DON'T meet up with anyone you don't know.

DON'T add anyone you don't know.

Don't answer to E-mails which you don't know about like if somebody sends you a con do not answer or if somebody you don't know sends you something reply back I don't talk to strangers or just ignore and delete the message. You can reply to messages from your friends like if your friend invited you round for tea or for a
