*Lifelong learning, striving for excellence*

Friday 28<sup>th</sup> May 2010

Dear Parents/Carers,

The Local Authority prides itself on providing a safe learning environment for its students. An emerging national concern is the inappropriate use of the Internet by students. This problem has the potential to be harmful, and we ask your support in assisting us with this challenge.

We are keen to offer further information and guidance to parents/carers about how they can keep their child safe when using the internet. In the 21<sup>st</sup> century, the internet is a powerful learning tool and will equip children with lifelong skills. It is essential that they know how to stay safe and that parents/carers are aware of the potential dangers.

We would like to invite you to an E-Safety parents/carers workshop on Thursday 15<sup>th</sup> July, 6pm – 7.30pm at Olveston School. This event will be lead by a South Gloucestershire leading teacher in ICT and aims to give parents/carers practical advice on how to keep their child safe when using the internet.

There is no charge for this workshop and a free crèche will be available for any parents/carers who require childcare. If you are able to attend this event, please complete the form below to assist with our planning.

Thank you for your support and cooperation in keeping the children safe when using the internet.

Kind regards,

Miss F. Bertham  
Head Teacher
