RE: INVITATION TO AN E-SAFETY AWARENESS EVENT RELATED TO THE SAFETY OF CHILDREN AND YOUNG PEOPLE IN A DIGITAL WORLD

Dear Parents/Carers,

The world that young people live, learn and work in is significantly influenced by the use of computer technology, the Internet and mobile phones. Amongst the many benefits of using this equipment and the Internet come dangers in their use. Incidents of such problems are often the subject of national news and can affect children and young people of any age.

South Gloucestershire Council, in conjunction with the South West Grid for Learning and the Police, are to hold a set of e-safety awareness events for parents and carers whose children and young people attend South Gloucestershire schools. One set will be held before the end of the summer term 2008 and another will be held in the autumn of 2008.

We would like to extend an invitation to you to attend one of these events in your area. The dates and times of the events for summer and autumn are given below. Should you not be able to attend the event nearest to your child's school you are welcome to attend any of the others. The same presentation will be given at each.

Similar events, held in the summer term and autumn terms of 2007, were very successful and were highly regarded by the parents and carers that attended. The 2008 events will be a repeat of those held in 2007.

This action forms part of South Gloucestershire Council's strategy in addressing e-safety issues. The Council is also in the process of updating its policies in relation to the Internet and new technologies. This policy will be publicised in the near future.

To prepare for your child's summer break we strongly urge you to consider attending one of the above summer term awareness events.

Yours sincerely

Miss F. Bertham
Headteacher

Venues and Dates:

Parents/Carers should arrival between 7.00 p.m. – 7.30 p.m. The presentation will start at 7.30 p.m. and end at 9.00 p.m.
