## Mulled wine

Mulled mostly means heated and spiced red wine.

Many drinks can be heated and spiced.

In medieval times they drank mulled wine in the cold days of winter.

Water sources were dirty however wine was made from cleaner water so this was seen as a healthier drink.

It was a traditional drink in Germany called **Gluhwein** which was offered on **Weihnachtsmarkt** which is German for Christmas.

They put in vanilla sticks, fruit, sugar and other spices.
