Use of images consent form

The use of digital photography is becoming a key tool across the curriculum. Both teachers and children use our digital cameras to capture events and use computer software to enhance the pictures.

At times, we use digital photographs of children in our newsletters and on our website. Occasionally photographs are used for publicity in the local press. Our aim is to celebrate individuals and group achievements in photographic form. We take care not to use surnames.

I/We consent to Olveston CEVC Primary School using my child's photograph for the following purposes:

- Displays in the school
- Promotion in the press
