

The robin

- 🌍 The robin is also known as the *Erithacus rubecula* [latin name].
- 🌍 The robin is a traditional Christmas symbol.
- 🌍 The robin's wingspan normally grows to 5 inches and he can grow to a maximum of 8 inches tall.
- 🌍 We are more likely to see them at Christmas time or through the winter.
- 🌍 They lay between 4 and 6 eggs most of the time.
- 🌍 They will defend their territory until death, like the shepherd with his sheep.
