Lifelong learning, striving for excellence

Wednesday 5th March 2008

Dear Parents/ Carers,

As I am sure you are aware, on Monday 10th March we begin creating a series of willow structures on our school field. This project, funded by a donation from Laings and organised by Avon Wildlife, will contribute to our programme of outdoor learning.

We will be asking some classes to work with Avon Wildlife to create these structures. Once planted, the willow branches will soon start to shoot fresh, green leaves to create some much needed shade this summer. We are also keen to involve parents in this project. If you are able to help at any point throughout the week, please see Mrs Slaytor at the school office.

Children working on the willow project will need to ensure they have Wellington boots in school. We will also be working with Avon Wildlife to stamp down a few mole hills to enable us to use the field this summer!

Timetable for Willow Planting:

Monday 10th March am - Year 3
Monday 10th March pm – Year 5

Tuesday 11th March am – Year 2
Tuesday 11th March pm – Year 4 & Year 6

We ask that children bring their named in a named plastic bag. Children will need to keep their Wellingtons in school for the rest of the week as they may be called upon for further willow work. Other year groups will be working on creating our vegetable patches in a few weeks time. Thank you for your continued support.

Yours sincerely,

Miss F. Bertham
