

Dear Parent/Carers,

As part of our myths and legends topic, we will be making our very own medieval castles. Please can you help your child to bring in a cardboard box for the main shape of the castle. It will need to be a cuboid shape such as a shoe box. The size won't matter too much, see below what I hope to be able to do! They may also like to bring in other bits of cardboard to create other features of the castle.

If you feel you can help out on any afternoons with this project, that would be great. Please see me after school.

Many thanks for your on-going support,  
Miss Plews
