- Plays - Space themed scripts (Unit 5 Narrative)

MD Assessment data:

Consolidation of subtraction and addition calculating, word problems and number sentences with missing signs.

- Counting, partitioning and calculating Unit A2
- Handling data and measures unit C2
- Calculating, measuring and understanding shape Unit D2
- Securing number facts E2

HSED

History:

- Why and how was space travel developed?
- How has this changed our view of space? Has space exploration changed our view on life and our existence?

R/E:

- Creation Stories: how do the main religions creation stories differ? What part did God play in Xian?
- How important is religion in my local community?

Theme Blast Off!

ICT

- Can I create a piece of Art using clip art, Google images and other image packages that represents my impression of space?
- Can I create an animation which lasts a few minutes using my model alien?
- ICT based skills.

DT:

- Cooking: Can I create a piece of moon rock which my alien will enjoy eating?
- How can I create a star using only paper and folding as a technique?
- Which materials will make my rocket resilient and sturdy for its maiden flight?
- Which recycled materials can I use to make a solar system themed mosaic?
- How can I ensure that my clay model aliens will be suitable to use in my animation?

ST:

- Why don't planets bump into each other?
- Which planet could my alien survive on?
- Is the sun important to our solar system?
- What would happen to our solar system if the sun died?
- How can we compare the size of planets?
- How are day and night formed?
- Why does the length of my alien change during the day?
- How can I fix the electrical fault in my alien's spaceship?
- How can I protect my alien's spaceship from lightening bolts on its return journey?

CD

- Role Play - How can I manage my anger effectively? What are the main triggers to anger? How can I become better at resolving conflicts?
- How could we communicate with aliens if they cannot speak English? (body language - facial expressions, mime etc.)
- Drama - Space themed plays scripts: How can I improve a play script so that the audience enjoy the performance more?
- Music - How do particular pieces of music create an affect/image? - The Planet Suite - How does the music in Star Wars create suspense within the film?
- Can I create a space themed picture using fabric?
- How many cross stitches will I need to embroider my star shaped cushion?

PSPD

- How do I cope with anger?
- How can I manage conflict better?
- How can working together be of benefit?
- How can I try to make the right choices particularly in risky situations?
- How can I meet my responsibilities sensibly?
- PD - Gymnastics.
