

**Year 6 2010**  
**The Times, they need a-changin'**  
**Song 2**

*Sung to the tune of Bob Dylan's The Times, they are a-changin'*  
*Accompanied by Troy*

Haiti's in crisis  
The Earth has been shook  
The houses collapsed  
So we now need to look  
They're trapped under bricks  
Their shops have been took  
Some families lost  
So they're cryin'  
Not enough money  
To buy, eat or cook  
For the times, they need a-changin'

Dan and Alex

The war was so brutal  
People's lives lost  
Conditions were basic  
To cut down the cost  
Bombs big and bad  
So building were tossed  
Despite this  
The battle's still raging  
We must stand our ground  
So they stop being bossed  
For the times, they need a-changin'

Matt, Jon and Harry

come gather round children  
now listen to me  
don't get into trouble  
with the elderly  
don't ever use knives  
respect family  
it's time now  
to stop drinkin'  
don't get into crime  
can't you see?  
For the times, they need a-changin'

Harriet, Holly and Beth

What have we done to our world  
With the wars  
It hurts many families

Bullets are claws,  
For they are killing  
They're trying to break laws  
It's time to  
really start helpin'.  
It's time for donations  
Or they'll lose their jaws  
For the times, they need a-changin'

Caroline and Jemma

God gave us a planet  
To look after dear  
But now we've destroyed it  
The end may be near  
'cause we keep on polluting  
Just look over here  
All attempts to stop  
Have been failin'  
Trees been cut down  
CO2 in the air  
For the times, they need a-changin'

Ben

Come look at the forests  
And see what we've done  
This is happenin' everywhere  
Wherever you run  
And accept it that soon  
It'll never be fun  
For the forests  
They need a-savin'  
Let's stop this killing  
We're losing oxygen  
For the times, they need a-changin'

Joe and Izaak
