

Elements of our French Curriculum

Knowledge and Understanding

Languages are best developed when schemes of learning consider who language is aquaired. This means that pupils will expand their vocabulary, understanding of French phonemes and grammatical structures. Building a pupils language is also best developed in context – giving perpose and situation perspective to the language being explored.. OUR Curriculum planning of vocabulary, grammar and phonic knowledge and progression go hand in hand, as they are all related and connected.

Knowledge of Spoken language

Conversations
Song
Story
Vocabulary

Knowledge of Reading and Writing

Phonological understanding
Gramatical Structures
Vocaulary

Strands

Listening and Speaking

Reading and Writing

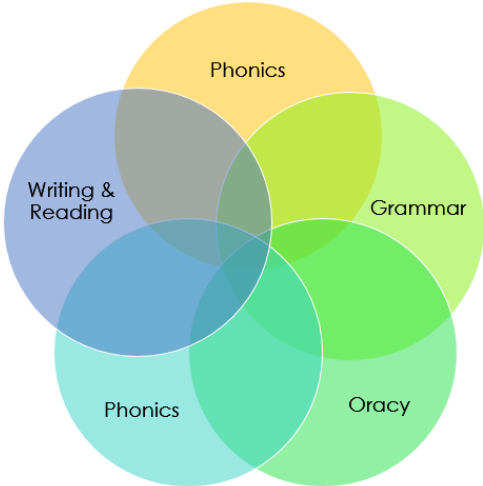

Stories, Songs, Poems and Rhymes

Pillars of Progression in OUR Curriculum
