

*The beginning of the
Olveston journey...*

Belonging is
more than a
word

it is a
feeling.

Supertato to the rescue!

Did you know that some vegetables are frozen for very good reason?

problem solving

Get messy....

Let them play in mud, build dens with boxes,

Let them experiment with paint and imagine all day,

for a child learns most when they are allowed to play!

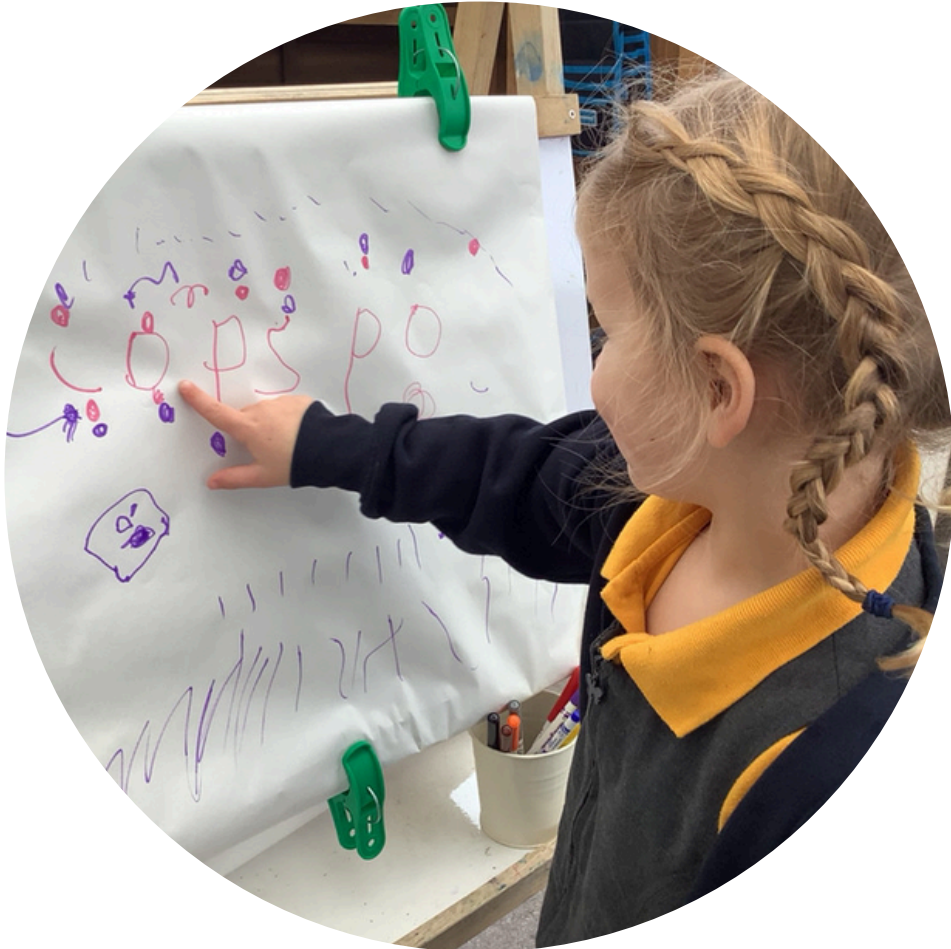

POP ART

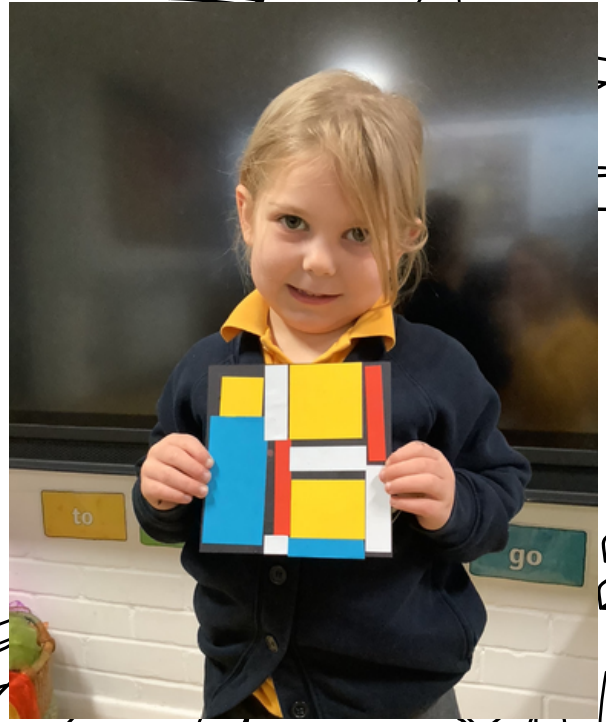

Reading,
writing,
maths?

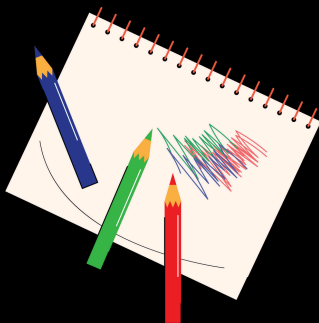

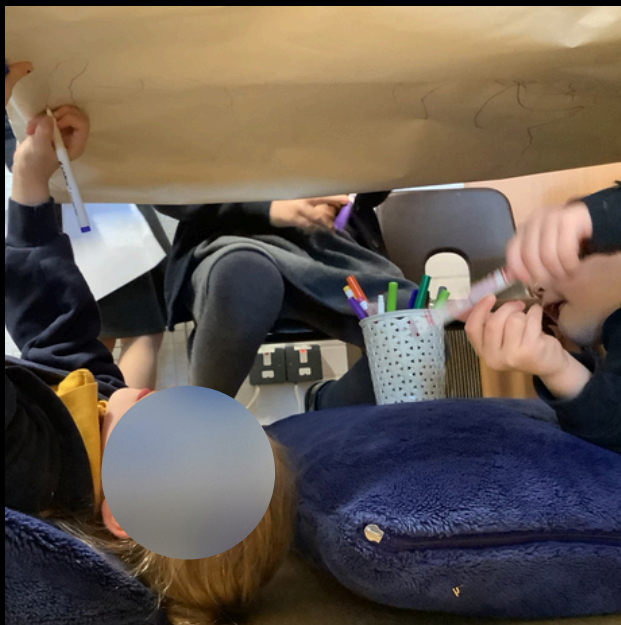

Learning through play is powerful. The foundations are set through play. The building blocks of reading, writing, number can all be built in a rich learning environment.

Everybody
dance now

I like to move it, move it. I like to move it, move it.
We like to...

move it!

Understanding the World

People who help us

Celebrations

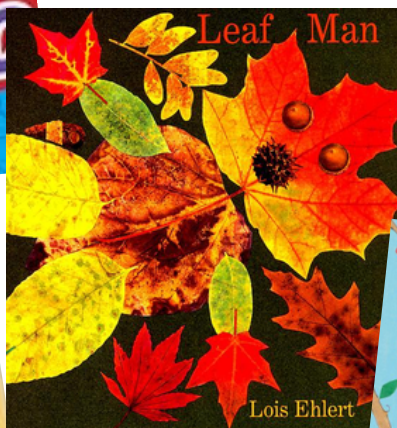

A child who reads will be an adult who thinks

Here are some of the books we have read in Drawing Club that you may wish to read at home.

Some questions
to ask your
children at
home...

Tell me what you are
doing in this picture?

What makes you
unique?

How have you used
your gem powers?

What are the signs of
Autumn?

What season is it now?

What number should
you dial in an
emergency?

What does a police officer wear?

Why do people wear poppies?

What is a digraph?

Can you subitise the dots? How many are there without counting?
